Dear Nathan:

Thank you for your work on our recent heating and air conditioning project. The four HVAC units and the boiler piping modifications have made a big difference in the work environment here at our Acoma Street facility. Everything is working properly. The work was completed in a timely manner and within the revised budget. The efforts, professionalism and dedication of you and your staff are greatly appreciated.

We look forward to continuing to work with you for our future needs.

Sincerely,

Kenneth Lyon
Vice President-Finance and Administration
