(IN REPLY REFER TO:

RE: Nathan Martinez
President NM Industrial Services LLC

To Whom It May Concern:

I have had the opportunity to work with Nathan Martinez for over 7 years on a number of construction projects that range from a few thousand dollars to multi-million dollars. During this period of time, Nathan served as a General Contractor & Sub-Contractor on contracts I managed for the National Institute of Standards and Technology, U.S. Department of Commerce and with the United States Geological Survey, U.S. Department of Interior.

Nathan is a very conscientious individual who always has the best interests of the customer in mind. His attention to detail, communication skills, and team-oriented philosophy have contributed greatly to the successful completion of the construction projects I have managed.

The fact that Nathan has stepped up to the challenge in creating NM Industrial Services is not a surprise to me as he has demonstrated the ability to manage his own company. I respect Nathan's work ethic and believe he is an excellent candidate for the SBA's 8A program. It is my hope that Nathan and NM Industrial Services receive a two (2) year waiver to join the SBA. If you have any questions, please feel free to call me at 303/236-9184.

Sincerely,

Daniel L. Clark
Space and Facilities Management Specialist
